EXPERIENCE

QDivision

Software Engineer | March 2018 - Present

I am a Full-Stack Engineer in an agile environment. I develop web apps, mobile apps, and machine learning systems to fulfill business needs and user stories. I give tech talks and help others to become skilled developers.

Maryville Technologies

Software Developer Intern | December 2016 - March 2018 (1 year 4 months)

I am a Full-Stack Developer in an agile environment. I develop web and mobile apps to fulfill business needs and user stories. I give tech talks and help others to become skilled developers.

Tapestry Solutions, Inc.

Software Tester | June 2016 - December 2016 (7 months)

I am a Software Tester for a logistics management suite. I design and execute step-by-step procedures to ensure thorough testing of our software. I research and report bugs and defects. I also create user guides for our software.
